ELECTION REVEALS BIG VOTE; SAWYER, CRANE WIN EASILY

All But One of County Incumbents Re-elected on Tuesday

CITY GOES FOR FITTS

Grier Wins Over Buffington; Combs Given Support, But Is Defeated

Approximately 65 per cent of the voters in the Upland district went to the polls Tuesday and today all the old officers, with one exception, are certain to be in charge of affairs January 1. Preferences given in Upland, Alta Loma, Cucamonga and Etiwanda for three candidates, however, failed to be evident in the final checking of county and state votes. This district voted strong for Buron R. Fitts for governor, George H. Johnson, district attorney, and Walter V. Combs, recorder candidate, but these three failed to carry through in the final count.

Judge George R. Crane and Jedd F. Sawyer, chief of police, were given a ballot total that impressively supported their records of past service. Judge Crane defeated William Parks for the office of justice of the peace and Chief Sawyer won over S. H. Jacobs for constable. This was a vote confined to the township.

Judge Crane received 989 ballots, Parks, 246. Chief Sawyer polled 998 counts and Mr. Jacobs 279. Both Judge Crane and Sawyer have served the city and the township for nearly 30 years and their vote Tuesday came as a fitting testimony of service well rendered.

Judge Benjamin F. Warner rolled up a vote here of 831 as against 240 given to Judge Olney in the race for a place on the Superior court bench. County-wide Judge Warner's total vote was 16,941. Judge Olney received 8,515.

Efforts of the County Law Observance league to carry to victory four candidates failed as Walter A. Shay, sheriff, and the three incumbent supervisors, were re-elected. Shay's total in the county was 18,019 while Ralph Guy, the league candidate, received 8,724.

District Attorney Johnson will end his present county services January 1 as Stanley Mussell, San Bernardino attorney, takes over duties, winning in the election by the following vote: Mussell, 13,346; Johnson, 11,826. Upland voters voted on the two like this, Johnson 575; Mussell, 407.

Walter V. Combs, popular Ontario business man failed by 4000 votes to win the office of county recorder of Fulton G. Feraud, incumbent. Here Combs polled 662 votes; Feraud, 286.

Ida M. Collins, incumbent school superintendent, polled 15,839 votes while D. L. Newkirk received 7,094.

In the assessor race, A. E. Allen, Redlands, incumbent, polled 16,449 as Edward Doyle received 8,267 votes.

A. W. U'Ren, coronor, was returned to office with a vote of 14,485 while McFarlane was favored by 7,751.

In the supervisor's race, more details of which are given elsewhere, C. E. Grier, Milton P. Cheney and A. L. Doran were re-elected with convincing majorities.

John E. Engle To Open Men's Store in City Tomorrow

After living here for many years and being associated with the J. J. Atwood company, John E. Engle will tomorrow open a store of his own at Second avenue, where he will handle men's furnishings.

Since returning from Kansas several weeks ago, Mr. Engle has been preparing for the opening and he was today ready to offer people of Upland, Alta Loma, Cucamonga and Etiwanda a fine line of high grade merchandise.

Mr. Engle is experienced in the merchandise business and many here will be interested in his new establishment. Recently he has been working on his ranch, east of Upland, but the urge to return to the retail business was too great. Before entering the business, however, he went to Kansas for a visit, returning here several weeks ago.

VILLAGE GOSSIP

By the Mayor

The hand that rocks the cradle is the one that stirs the soup. Whether it harks from the Roaring Forties or Gay Nineties, costumes worn by the female of our species intrigue the eye and lend charm whatever the occasion.

Why not picture and publicize our "Pioneer Women?" Fill the papers with lifelike portraits of these girls in their fetching dresses and sunbonnets. Let the world know that our wives and sweethearts are in the wagon train, and we'll not have standing room to rent on Admission Day.

Us old Pioneers have been razed a bit because our clothes are not true to type. We'll admit that the only genuine bit of atmosphere we sport is our whiskers. However, you can spot the birds around town who have the courage of their convictions and that intense quality of application that make them leaders in their line. Take our militant mail carriers, Harvey McMasters and Charlie Deverts. Who will deny that they are at once the despair of competing road runners and the pride of Uncle Sam's mail characters?

September the ninth will not be a day of rest and recreation for the men and women of Upland. No one can accurately estimate the number of people who may be our guests.

Our big job will be to act as hosts to the visitor within our gates—and do everything in our power to make everyone comfortable—and therefore happy. Will the "Open House" on old California's Admission Day be a reality—or just a memory?

Cheerfully yours,
—HIZ-WISKERS

FURNITURE STORE OPENS TOMORROW

J. C. Harris Presents Full
Line of Merchandise
in Local Store

Under the management of J. C. Harris, the Harris Furniture company will open a store in Upland tomorrow at 250 Second avenue.

Bringing to Upland one of the largest furniture displays in the citrus belt, the new Upland store will provide an opportunity for residents of Upland, Alta Loma, Cucamonga and Etiwanda to choose from the best manufacturers can produce.

The new Upland store will be one of a three-store link, with Mr. Harris and his brothers being interested in the institutions. A store has been in Pomona for nearly three years and the third store is at Fullerton.

Mr. and Mrs. Harris, with their eight year old daughter, Doreen, will locate in Upland and become permanent residents of the city. They formerly lived in Covina, where the Harris' had a store.

After disposing of the Covina property, Mr. and Mrs. Harris toured in the east, combining business with pleasure, visiting the furniture markets and stopping at various interesting points.

Mrs. Gerald B. Smith, sister-in-law of A. W. U'Ren, and her son and daughter-in-law of Chicago are en route to Upland with the expectation of making their home in California. They will spend

COMMITTEE NAMED TO STUDY FILIPINO PROBLEM IN CITY

P. H. McQuillen Will Be Chairman; Three Groups Are Represented

WILL MEET IN SECRET

All Angles to Local Situation Will Be Considered in Survey

Names of the committee, to study all angles in the local Filipino problem, including the labor and housing situation, were announced today by William Rohrig, appointed at a mass meeting Monday, for that purpose.

Secret sessions of this committee will be held from time to time for the purpose of quietly studying the various problems and when a solution has been reached, an announcement will be made, according to the plan announced by Mr. Rohrig.

Chairman of the committee will be P. H. McQuillen, mayor, and he will have the privilege of calling in on the group as many of the city councilmen or other city officials, as he chooses, Mr. Rohrig explained.

On the housing division of the committee are S. S. Myers, Milo Smith and V. C. Krehbiel.

Employers' angle in the situation will be presented by L. E. Bradley, manager of the Upland Lemon Growers' association; Earl H. Johnson, manager of the Mountain View Fruit association, and E. C. Rosenberger, manager of the Upland Heights Orange association.

Laborers will be represented by J. S. Isom, J. R. Shipman and H. J. Speiser.

Purpose of the committee, as outlined in the mass meeting Monday, is to plan a future program, satisfactory to all factions as regards the Filipinos residing here and employed in the citrus industry.

Residents of Alta Loma became alarmed when Eunice Lawyer, 15 year old girl in that community, was snatched by a Filipino in her home. Through arrangements with a packing house, Filipinos were not employed any longer in that region and at the mass meeting Monday, sentiment was expressed looking to some restrictions.

It is expected that after the committee named by Mr. Rohrig studies all angles in the racial problem, a satisfactory solution will be realized.

Whiskerinos and Ladies of '49 at Ball Game Tonight

Here's another inducement for you to go to the baseball game to night—aside from the fact "that the game is to be a thriller."

It's going to be Whiskerino and Ladies of '49 night. Every Whiskerino is expected—and every lady wearing an old-time costume will be admitted free. Everybody is urged to be on the grounds by 7:30, as there will be a few stunts staged by these "relics of bygone days" before the game starts. Come on, boys and girls, men and "wimmen," and see the fun.

The ball game tonight will be a battle between Atwoods and the Lemon Growers to determine who are champions of the second half of the season's schedule.

The winter here with Mr. Burt in his home in San Antonio Heights

Special Edition Will Relate Growth of West End District

Etiwanda was the site of the first electrically lighted house in California. The first California long-distance telephone line extended from Etiwanda to San Bernardino.

Ontario and Upland were the scene of a development project that attracted nation-wide attention.

These events were years ago. The entire district was an important part in the early history of California.

Seventy years have brought great changes to the Upland district—as well as all parts of the state. The Pioneer Pilgrimage planned here for Sept. 9 is focusing attention on the events of years ago.

The Upland News will issue a special souvenir edition September 9, relating the many facts and incidents that are of concern to the West End of the county. A great future faced the district when the Chaffey brothers settled in Etiwanda and Ontario and Upland. What has happened since then and who were the principal actors in the great development will be fittingly related.

The edition will be of lasting interest. It will be of vital interest to everyone here. It will be an effective advertising medium for eastern readers.

Almost every family has friends and relatives in the East who might be interested in California. The Upland News special edition will tell the message of this community, of the county, and of the state.

It will cost only 10 cents, postage included—if orders for additional copies are placed with The News by Sept. 6.

VOTES TESTIFY TO GRIER'S SERVICE

Supervisor For 12 Years Is Re-elected; Buffington Draws Many

C. E. Grier, 3,467.

Frank C. Buffington, 2,003.

In these figures is the story of how two Upland men fared in the election for county supervisor on Tuesday, of how one man for the fourth consecutive time was given a strong and impressive vote in every section of his district, and of a man who will on December 1 begin a term of office that will add four more years to his already lengthy record of public service.

The figures also tell of another Upland man, new in the ways of county elections, who received support from many sections and who received more votes than other unsuccessful supervisory candidates.

Mr. Grier, chairman of the board of supervisors, and a member of the board for 12 years, won a good majority in all except two precincts of the second district and the vote expression comes as a testimony of his long service and of his successful efforts in tax reduction.

In Upland proper, Mr. Grier received 690 votes, while Mr. Buffington polled 433. The total figures given were polled by each throughout the district.

In 1918 Mr. Grier left the Upland city council to join the board of supervisors. He has served continuously and at the outset he was made chairman of the county finance committee, the most important group within the board. Later he became chairman of the board. During the 12 years he has always been either chairman of the board and county purchasing agent, or chairman of the finance committee.

Tax reduction became an important activity under Mr. Grier's leadership and year after year the tax levy was reduced.

Inequalities of Amendment No. 1 were studied by Mr. Grier. He looked ahead and his thinking, planning and work have resulted in a measure, if adopted, which will make it possible for the county to be re-imposed between \$300,000 and \$400,000 annually. This measure, known as bill No. 21, will be voted upon at the November election.

The supervisors will take office for a new term on December 1. Mr. Buffington has been identified with public agencies for many years and his efficient service resulted in his vote piling up to within a close total of Mr. Grier's ballots.

DEATH VALLEY IS TOPIC OF SPEECH

P. H. McQuillen Compares Great Expense Today With Early Times

One glimpse at Death Valley is enough to stimulate the imagination in drawing pictures of what the pioneers endured in their western trips. P. H. McQuillen, mayor, declared in speaking at the meeting of the Upland Lions club in The Sycamores at noon yesterday.

He recited as fact that some times the valley is so hot that it is impossible for a person to drink enough water to moisten the human tissues, the powers of evaporation being so great. One man whom Mr. McQuillen looks upon as authority told him that if a person were to run a wet blanket through a wringer, the blanket would be absolutely dry by the time the operation had been completed.

"Humidity is so low that not even the human body can properly function," he said. Remains have been seen of many men along the route taken by the borax teams in the mining days. They were just not able to stand the grind."

Mr. McQuillen likes the desert and thought of the pioneers finding their way over the vast expanse of sand and barren wastes captivates his imagination, and he pictured some of the hardships in his speech before the club.

Now, good accommodations offered the tourists and with little trouble a motorist may cross the desert, see the deserted towns, see the last remaining timbers of a desert mill or an abandoned mine, he explained.

"Death Valley" Scotty's place is well worth going 55 miles to see and on all the signs pertaining to the place, "there is this Chicago man's name," Mr. McQuillen said it was his personal opinion that Scotty didn't have any money and that this Mr. Johnson was the "Santa Claus."

Prof. W. W. Manner introduced Mayor McQuillen, after President J. Emory Sargent presided over the meeting. Harold Burt was the guest of his father at the meeting.

WORK ON FOOTHILL TO BE STARTED AS DETAILS FINISHED

Local Officials Complete Task of Getting Deeds and Money Is Ready

OWNERS GIVE PROPERTY

Manley, Combs, Gray Work With Local Persons in Clearing Up Details

With all but two deeds filed for the right-of-way in the widening of Foothill boulevard, with funds believed available by the state for immediate use in the work, and with all the local legal angles settled, local officials were virtually ready today for the start of actual work in making the boulevard a three-drive lane through the city.

By next week the two outstanding deeds are expected in. Then the state highway legal department will begin its task of checking all the proceedings and with that completed, actual work is expected to be started.

Just when the state will launch the actual work is not certain, but after next week the matter will be up to the state. Upland officials having done all that they can do in furthering the long contemplated improvement.

With all preliminaries out of the way, the state will call for bids, one group of bids for the moving back of the buildings and other improvements in the proposed right-of-way, and another group of bids for the actual paving.

The widened highway will cost the local property owners nothing directly, money being appropriated by the state for the work. Owners of abutting property, however, are giving property for the right-of-way.

Several years ago, sentiment was started in the interests of getting "the boulevard widened, but nothing definite was done until nearly a year ago, a meeting was held of interested property owners. C. E. Grier, supervisor, was present and was a factor in getting the arrangement with the state officials.

Richard G. Manley, city engineer, and Ted C. Combs, assistant, began to work in getting the right-of-way grants from the property owners and with the assistance of Edward E. Gray, city attorney, the details have been virtually completed.

When the boulevard is completed, it will be wide enough for three lanes, as is the boulevard west of Claremont and east of Upland.

Work is now under way on the Claremont stretch of the pavement. Through Upland is the last of the boulevard yet to be widened and when the local work is completed, there will be a wide belt of pavement permitting fast transportation from San Bernardino to Pasadena and other foothill cities.

Last Chaffey Union Church Service To Be Held on Sunday

The last of the union church services that have been held at Chaffey each Sunday evening during the summer, will be held this Sunday evening Dr. Shirley Shaw being the speaker. Dr. Shaw is the new pastor for the Christian church in Ontario.

Since the Chino tent meeting is union meetings, everyone who can attend should be present. Good music for the meeting is assured.

Old Friends Passed by as Thomas Fails To Hear of New Fad

When H. H. Thomas, Cucamonga grape grower, got off the train in Upland yesterday afternoon, after being in the east since July, he saw the usual buildings and familiar scenes. But he didn't recognize the people.

Friends, men and women, he had known for years were passed by. Up Second avenue to Ninth street and west on Ninth he went, but not a soul did he recognize.

In the front part of the chamber of commerce office he spoke to a couple of men, finally recognizing one of them. Clair E. Kirk, secretary, was in the line of Thomas' vision, but it was a minute before the returned traveler recognized the man he had known for years.

"What is this all about?" Thomas queried emphatically. "Why, it's the celebration," Kirk answered.

"What celebration?" "A few words from Mr. Kirk were enough. Mr. Thomas quickly caught on and said the whiskers and long dresses were a wonderful stunt.

"Well, I couldn't imagine," Mr. Thomas declared. He showed his amazement as well as expressed it.

"When I came up from the depot, I noticed a couple of women, with those great long dresses, I wondered what the idea was," he continued. "Didn't you see the hoosgow?" Mr. Kirk asked.

The grape king was happy to be back. He laughed at Kirk's whiskers. Another long-dressed woman went by. "Yes, I saw the pen and the sign on it and I rather thought there was something up."

Mr. Thomas left about the time the Upland chamber of commerce began planning for the Pioneer Pilgrimage. He (Continued on Page 5)

LEGION WILL NAME OFFICERS TUESDAY

Nominations Will Be Opened Again; Kirk and Riggs in Race For Head

For the American Legion members, next Tuesday is another election day.

New officers for the Upland post will be elected at the meeting of the group at the clubhouse Tuesday night. Nominations were made at the August meeting and preceding the election, nominations will again be opened. A contest appears for every office now and reports are to the effect that additional nominees will be placed in the field before the balloting.

The commandment at present rests between Clair E. Kirk and Carl Riggs. If there are no more nominees for the post leadership, one of these men will replace Earl E. Marsh, who has served efficiently during the last year.

Thomas E. Howerton and Frances Rogers are candidates for the office of first vice commander, with Herman Cordes and Howard Mason scheduled to fight it out for the second vice commandment. Three candidates are already in the field for adjutant and treasurer. Marion Grothe, Karl Free and D. M. Ellis. Francis Rogers is the present adjutant and treasurer.

The executive committee nominees are Don Merideth, Karl Free, R. G. Manley, Bill Hall, Allan Barr, L. H. Cortright, Frank Goodban and Ernest Fischer.

MOTORIST SLUGGED AND ROBBED AFTER ASSISTING HIKER

T. W. Smith, Fontana, Gives Lift Near Upland and Suffers Injuries

2 MEN WORK TOGETHER

\$130 Taken After Man Knocked Unconscious With Club This Morning

Knocked unconscious with a club and robbed of \$130 in currency after he had gone out of his way to assist his assailant, T. W. Smith, Fontana, was today the victim of what police believed to be a new enterprise of hitch hikers.

Mr. Smith was driving west on the Arrow route a few miles east of Upland when he saw a parked car, a man being in the machine, and a man walking some distance ahead. The robbery occurred at 11:45 o'clock this morning about four miles east of Upland.

As he neared the man walking Smith was hailed for a ride. Knowing that it was dangerous to pick up pedestrians, Smith passed him up. Some distance ahead, the Fontana man, however, meditated over the thought of the man, walking, and the parked car. He concluded that perhaps the car was out of gasoline.

So he turned around and went back to pick up the man, who had asked him for a ride. Again Mr. Smith headed east with a passenger. The passenger, however, did not wait long and in a minute swung from his pocket a club, hitting Mr. Smith on the head. The machine was turned into the sands and stopped.

On regaining consciousness, Smith was minus his \$130 and his passenger and the parked car and the man in the parked car were gone. The attack took place within the vision of the man in the parked car and the fact that no effort was made to assist the injured man or notify police have led authorities to believe that the two men were working together.

Mr. Smith described the man to Upland police as being short, dark complexioned, in need of a shave, and wearing blue overalls.

Miss Tarleton Home From Eastern Trip

Miss Florence Tarleton has returned to Upland after an absence of two months, during which she made a most interesting rail and motor trip through the north and east and visited in her former home, Concord, N. H.

Leaving here June 17, Miss Tarleton stopped first for a tour of the Carlsbad Caverns, then in Chicago she spent a week with her brother. In Detroit she purchased a Dodge car and, accompanied by a friend, motored east. One of the most enjoyable parts of the entire trip was a tour of the New England states. In Concord many former friends were met and familiar places were visited in that section. A trip was made into the White Mountains in New Hampshire and the famous beaches along the coast of Maine, New Hampshire and Massachusetts were visited.

Turning south, stops were made in Philadelphia, Washington and Gettysburg. Following Route 40, or the Victory highway, westward, the travelers came to Salt Lake City, and down through scenic Bryce canyon, Zion park and the north rim of the Grand Canyon.

Farewell Dance For Mr. and Mrs. Hipes

In honor of Mr. and Mrs. Glen Hipes, who are leaving Upland soon for El Centro, where Mr. Hipes is to be manager of a large fruit packing house, a group of more than 40 members of the American Legion and Legion Auxiliary with several other friends motored to Camp Baldy Wednesday night after the ball game and enjoyed an evening of dancing.

Most of the members of the group were attired in pioneer costumes and entering into the pioneer spirit Manager Curry admitted free all those wearing costumes. He also gave prizes, Owen Atwood winning an award for the heaviest beard, and George Hoadgrove for the reddest beard, while Mrs. C. E. Kirk and Miss Fanny Van Horne won costume prizes.

"We Told You So"

As predicted by the Upland News a few days ago, the kind of campaign waged by the so-called law observance league proved a boomerang against the promoters and resulted in an overwhelming defeat for every candidate it supported. Thinking people will not endorse a campaign of mud-slinging and lambasting when accusations are made without producing the evidence to back the claims. The candidates of the league were defeated by the largest majorities registered in San Bernardino county in a good many years, it is said. Perhaps every candidate endorsed by the league would have received a larger vote without the endorsement of that organization. Each issue of the paper circulated by the league lessened the chances of election for every candidate supported by it and made votes for the candidates they opposed. People read the sheet and laughed, apparently not taking its contents seriously. In short, the vote of Tuesday registered a strong rebuke against the kind of campaign waged against the incumbent candidates and we believe the large vote given the officers expressed the attitude of the people against that sort of thing rather than their opposition to the opposing candidates.

This News Guy has seen a good many political campaigns, but we do not recall another where such tactics were used as those in opposition to certain officials of San Bernardino county.

Tremendous majorities against the candidates of the law observance league were registered in Colton, home of Glenn C. Colvin, political leader of the league, and in East Highlands, where are centered operations of the president, L. C. Edwards, president of the league. In the latter district Sheriff Shay was given a four and a half to one majority. An immense amount of money must have been spent in the effort to defeat the county officials, with the result that repudiation of the campaign waged by the league could scarcely have been more strongly registered.

Who Loses When Elements Fail?

Officials of a big mail order house, whose market is largely in the agricultural sections, say they are not worried about the business outlook. Their business right now is relatively better than at any previous time this year, says the San Bernardino Sun.

It comes about partly through the improvement of business in the industrial sections not affected by the drought. But they are not worried, they say, even about the afflicted farm areas.

The dollar value of the corn crop, they point out, after allowance is made for the hundreds of millions of bushels lost by lack of rain, will be greater than if there had been a full crop. The same will be true of several other important crops. So that American agriculture, as a whole, will suffer little or no market loss, and will probably have as much buying power as usual.

If this reasoning is correct, who does lose from the calamity? Generally speaking, the consuming public—all of us who have to pay higher prices for food and for manufactured goods made of farm-grown raw materials.

Need we have no concern, then, for the farmers? That doesn't follow. Many farmers, apparently, will be as well off as usual, or better. But many thousands will be ruined, because they have no crops at all by which to benefit from the high prices. Some whole sections are ruined. Such farmers and such sections must have relief.

Another evidence that the Pioneer Pilgrimage celebration in Upland is going to be a huge success is the spirit in which the ladies of the city are entering into the advertising campaign. Their latest stunt is the wearing of old-time costumes and a stranger coming to our city might think he were either dreaming or being transplanted back to the days of forty or fifty years ago. Calico and gingham dresses are in evidence and the old-time sun-bonnet has come back into style. Ladies in the stores are participating almost unanimously in this stunt, while the American Legion Auxiliary and other ladies of Upland are heartily joining in the "dress parade." No use talking—you just simply can't put on anything right unless the "wimmen" have something to do with it; and they usually do.

How would you like to have an automobile that could make a trip from Los Angeles to Santa Barbara in a single day? This question may sound funny today, but it was asked in all seriousness 25 years ago in motordom when an endurance run was planned by the Automobile Club of Southern California and Los Angeles motoring enthusiasts. The start was made from Los Angeles at 8 o'clock in the morning and it was expected the speedsters would arrive in Santa Barbara at 6 o'clock the same evening. The distance was 110 miles and only experienced motorists having high class cars attempted the stunt.

Dressing the children in bright colors and white may save their life on the highways, according to the idea of the National Safety Council. The same applies to older folks also. White and bright colors are more easily seen at greater distance by motorists than the somber colors.

Hint to young men of today: The young man said he wanted to enter the great business world. "How can I do it," inquires he. "Sell your wrist watch and buy an alarm clock," snapped the successful business man.

With the favorite candidates of the Los Angeles Times losing with monotonous regularity from year to year, we would not be surprised to learn of ambitious politicians refusing the backing of that metropolitan sheet.

Now that the primary is over everybody can return to normalcy and get to work in the regular way. The fall election will not cause much of a stir, as all Republican nominees are assured of election.

Paying the Freight

La Habra Star: Once again we are being told by politicians who hope to profit thereby that the people do not pay state taxes—that the state government is supported by taxes levied upon banks and corporations. We have been hearing this buncombe for the last 20 years. It is merely molasses to catch flies.

Every time one spends a dollar for a railroad ticket, seven cents of that dollar is a state tax. Every time a citizen pays a bill for gas and electricity, a sizeable percentage of the bill is for state taxes. The same is true of water bills, motor bus tickets, gasoline or motor oils. Whenever the taxes of a corporation are increased by the state, the corporation promptly passes the increase along to the consumers of its products.

Whenever the state reduces the taxes of a corporation, the corporation promptly pockets the saving. It is not passed along to the consumer. Those who bear the greatest burden of state taxes, paid through the corporations, are the man who works for wages and the farmer. These classes of citizens cannot pass their tax burdens along. All they can do is pay and grin and bear it.

On Two Wheels

Berkeley Gazette: A delegate to a church convention in Cleveland surprised everybody by arriving from Chicago on a bicycle. He was an 18 year old lad. Boys of that age are expected to come in flivvers.

He said he had made the trip in two days. That means about 200 miles a day, which any old timer will say is very good. The cyclist explained that the roads were very good, which makes considerable difference.

Wouldn't it have been a touring paradise 30 years ago if young fellows had today's roads to travel on?

And now that they have that blessing, they want to go on four wheels, with no exercise except holding a steering wheel and changing an occasional tire.

Homet News: New York is said to be showing a constantly declining birth rate. Maybe they are building the buildings so high that the stork can't fly over 'em.

IT'S WISE TO  CHOOSE A SIX

Announcing a new production record

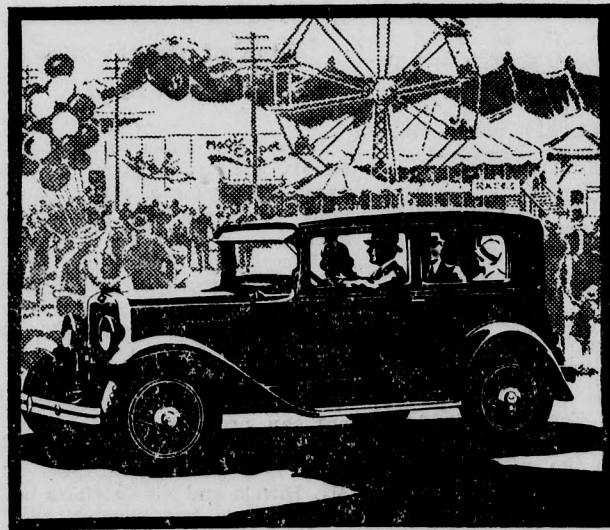

2,000,000 Chevrolet Sixes now on the road

Since January, 1929, Chevrolet has produced and sold over 2,000,000 six-cylinder automobiles—nearly five times as many as any other manufacturer has ever built in an equal length of time.

These 2,000,000 buyers have chosen Chevrolet because it offers many desirable qualities not obtainable in any other car so low in price—

—the smoothness, silence and flexibility of a modern six-cylinder engine—the comfort and roadability of a modern, full-length chassis—and the style, safety and distinction of bodies by Fisher.

Yet, despite these fine car advantages, the Chevrolet Six is unusually economical. Its gas, oil, tire and upkeep economy is unsurpassed. And

The Coach, \$565, f. o. b. Flint factory

any model can be bought for a small down payment and easy monthly terms! Come in today. Learn for yourself why two million buyers have agreed—"it's wise to choose a Six."

CITY ACTIVITIES GIVEN IN SUMMARY

Mr. Manley Reviews Department Work For City Council in Annual Report

Richard G. Manley, city service manager, reviewed the activities for the year in an annual report to the city council recently. He discussed the work of the various departments and his summary of the activities is given here at the request of The News:

By Richard G. Manley,
City Service Manager

Many changes have taken place in the organization and operation of our city government during the past year. Some of the most noticeable being, the installation of the budget system, centralization of the work of the various departments, the standardization of the standard electrical ordinance and reorganization of the service departments under the city service manager.

It is too early to ascertain the benefits to be derived from these various changes, but it is safe to predict that a saving of 15 per cent can be made in purchases due to the larger orders and less labor in checking bills and entering accounts.

The budget system that has been worked out by the finance committee, I believe, will prove to be of inestimable benefit to the council as a financial control over the various departments.

Our new planning commission should be one of our most useful civic organizations and many of the problems that have been troubling the council in past years can be taken up by this commission and worked out systematically. The success or failure of a planning commission depends upon the personnel of the commission. We are fortunate in having strong men on our commission, so I feel sure that in a few years some of the seemingly hard problems that face us today will be worked out satisfactorily.

The standard electrical ordinance which we adopted March 6, 1930, has placed our electrical department on a high plane of efficiency. This ordinance is being used by a great many cities today and is recommended by Southwestern Section of International Association of Electrical Inspectors and Pacific Coast Building Officials conference. It was modified to more closely fit our local conditions and is effecting safe and praiseworthy electrical installations.

Although the uniform building code was not adopted in this last fiscal year, I might mention at this time that operation under it has been very satisfactory and without the slightest confusion or opposition. This code is the most practical and complete regulation of building construction in existence and has the added advantage of uniformity throughout 79 cities, 58 of which are in California.

Summary of major work done during the year:

Street Department
Several streets were oiled and graveled in the ranching district under the plan of the city doing the work and the property owners paying for the material.

Since the water department well was drilled on our Sixth avenue property it was necessary to purchase property on Eighth avenue, and upon this we built a galvaniz-

ed building. In this building we also have our tools and lockers, a wash room and toilets and a room for street lights and globes. We also built a galvanized shed for our road equipment such as the water wagon, oil wagon, roller, etc.

This year was our first year to enforce the state weed law which allows the city to clean up the lots and add the cost to the taxes. We posted 97 lots, but had to clean only 20 of these, as the rest were done by the property owners before our crew arrived on the job.

Building Department
During the year 109 building permits were issued to allow the following work:

17 new single family dwellings.
32 additions to dwellings.
6 stores altered in Fire Zones 1 and 2.
3 stores built or altered in Fire Zones 3 and 4.
26 store rooms, sheds and chicken houses.

37 one and two car garages.
Numerous repairs and miscellaneous buildings.

The valuation of the above building activity was \$140,228.00, or 81 per cent of that of the fiscal year immediately preceding.

Income for the building department, through permits, is as follows:

Building	\$370.00
Plumbing	93.00
Wiring	136.46
Sewer	27.00
Excavation	9.20

Total \$608.93 \$ 608.93

Miscellaneous Income—

Contractors' licenses: (last 6 months) \$590.00

Sale of Building

Codes 5.00

Total \$595.00 595.00

Total \$1,203.93

Water Department

Our main object and concern has been not only to obtain a water supply to take care of immediate needs but to develop additional water for the future. This has been accomplished to a great extent during the past year by the installation of the pumping plant on Ninth street which we call Well No. 7. Although this well has been in use now for nearly a year the pumping level has not changed in the least. The turbine pump is still pumping 150 inches with an efficiency of 71 per cent.

During the past year 33 new meters were installed and approximately 4800 feet of pipe were laid. Cost of pipe lines is \$6,778.75.

Health Department

Since our health department was reorganized we have had eight board meetings in which we discussed the various health problems that had come up during the preceding month and outlined our work for the coming month.

Under the new system the school children were given toxin antitoxin treatment without cost, provided their parents gave written consent.

During the year 367 children were given toxin antitoxin treatment and 354 vaccinated.

The baby clinic was moved from the basement of the library to the building just south of the police station. A telephone was installed and arrangements made for a nurse to be there every day at certain hours. The nurses reported an average of 65 baby visits to the clinic a month and some months went as high as 73 visits.

Mrs. Boone to Talk on China Tuesday; Public Is Invited

A story of thrilling personal experiences and a graphic report on conditions in war-torn China will be given Tuesday afternoon at 2:30, when the Woman's Missionary Society of the Upland Presbyterian church meets in the church parlors. The speaker will be Mrs. W. D. Boone, who is visiting her

THEATRES

Many Big Pictures Are Scheduled For New Upland Theater

Some of the best known pictures have been scheduled by the New Upland theater for presentation here during the next few weeks.

Every effort is being made by the theater management to get the best pictures, but it is impossible for a town the size of Upland to get films ahead of larger towns. If it were possible, the theater management would get them.

All the big pictures that are now playing in Los Angeles and cities throughout the citrus belt will be shown in Upland within a short time. Included in the list of pictures that will be shown here during the next few weeks are "Romance," featuring Greta Garbo and "Blushing Brides," with Joan Crawford.

Will Rogers latest play, "So This is London," will be here within a short time and indications are that many Upland people will see the popular comedian here. "Way Out West," with Wil-

liam Haines, "Rosalie," with Marion Davies; "Call of the Flesh," with Ramon Navarro, and "King Arthur's Court" are other pictures that will be shown in this city's attractive sound theater.

husband's relatives in San Bernardino while home on furlough from the mission fields in China.

Mr. Boone returned to San Bernardino some time ago, called by his mother's illness, but Mrs. Boone has only recently arrived and she comes directly from the warring sections of China.

Because of the interesting nature of her address, not only the members of the missionary society but the public in general are cordially invited to attend.

Sparkling Programs Scheduled For Week at Granada Theater

Another series of sparkling programs is announced for the Fox Granada theatre in Ontario for the next seven days. On Friday and Saturday William Haines will be seen in his latest comedy drama "Way Out West," which is bristling with action and bubbling with humor, according to Los Angeles reviewers.

Sunday, Monday and Tuesday with a continuous showing Sunday and Monday, Labor day, and matinee Tuesday, "So This is London," Will Rogers' latest starring vehicle, will be shown. This picture is said to give the imitable comedian his best role, and has been doing an enormous business everywhere.

Next Wednesday and Thursday, with Thursday matinee, the internationally famous John McCormack will be seen and heard in "Song O' My Heart," in which this matchless singer is heard in no less than 11 songs, most of them written expressly for this picture. Many of the scenes or this comedy drama are laid in Ireland, where they were filmed in the identical locale of the story.

Matinees are now given every Tuesday, Thursday and Saturday at the Fox Granada, and on Sundays and holidays the show is continuous 2:30 until after 10:30.

Ham Haines; "Rosalie," with Marion Davies; "Call of the Flesh," with Ramon Navarro, and "King Arthur's Court" are other pictures that will be shown in this city's attractive sound theater.

Now **GREATER TALKIE SEASON**

Dove Season Will Open Monday With Many Birds Ready

Opening of dove season September 1—Monday, will offer many local sportsmen an opportunity to get the limit of birds and reports are to the effect that there are more doves this year than for many seasons.

Officials of the Izaak Walton league are interested in the campaign to prevent fires and with the opening of the hunting season, a warning is being issued.

"Farmers and large water companies are cooperating with the fish and game commission and the Izaak Walton League toward establishing game refuges or sanctuaries and game propagation plans, and we hope to accomplish this within the coming year, Leigh Thompson, secretary of the Orange Belt council of the Izaak Walton league, said today in speaking of the season opening. Directing his remarks to the hunters, he said, "Do not shoot around houses or groves or orchards—remember the farmer is your friend and protect his property, and his stock."

When all hunters will cooperate and when all will be careful of the matches, cigarettes and cigars, a great step will be made in the propagation of birds and game, it is pointed out.

The season will continue for two months.

By MRS. ETHEL THRASH

Brilliant Wedding Is Culmination of Ely-Black Romance

Selecting the Upland Presbyterian church as the attractive setting for the nuptial event, Miss Elizabeth A. Black, daughter of Dr. and Mrs. A. W. Black of Upland, became the bride of Harold H. Ely, Jr., son of Mr. and Mrs. H. H. Ely of Ontario, Tuesday night at one of the most beautiful weddings of the summer season, the ceremony taking place at 8 o'clock.

In the hands of a skillful decorator the interior of the church was transformed into a veritable flower garden, lovely gladioli, zinnias and asters being used throughout the auditorium, artistically combined with fernery. Palms intertwined with fernery, gladioli and crepe myrtle were banded about the altar, which was lighted by the soft rays of a golden candelabra in the center and large candelabra on the sides.

While the wedding guests were gathering Miss Eleanor Corn, organist, played beautifully several numbers, "Air for G String" (Bach), "Dreams" (Wardner), "Meditation" (d'Ebry), and "Cantilena" (Goltermann), while Mr. Wallberg of San Marino sang in beautiful baritone voice "I Love You Truly" and "All For You," accompanied by Miss Corn.

Promptly at 8 o'clock, as the organist began the stirring strain of the "Bridal Chorus" from Lohengrin, the bride party appeared. From the side entrance came the minister, the Rev. W. Earl Smith of Berkeley, secretary of the Baptist Union, San Francisco district, and the groom, accompanied by his best man, Ernest Marcel of Santa Ana, and at the altar they awaited the bride and her attendants, who formed a striking procession as they advanced down the north aisle led by the two ushers, Mr. Snow of Orange and Dale Ely, brother of the groom.

The two bridesmaids were second in order, Miss Ola Miller wearing a charming frock of green georgette and carrying a bouquet of orchid sweet peas, and Miss Blenda Nelsen, being lovely in an orchid georgette with pink sweet peas. The maid of honor, Miss Nancy Black, charming sister of the bride, wore a dainty peach colored georgette and carried pink and yellow sweet peas. All three wore becoming silver bands in their hair and silver shoes.

They were followed by the ring-bearer, Harold Jackson, Jr., small son of Mr. and Mrs. Harold Jackson of West Tenth street, wearing black velvet trousers and white satin blouse and carrying the ring upon the satin pillow used by the groom's mother in her wedding. The dainty flower girl, Thelma Jackson, wore a cunning pink or-gandy frock and carried a pink basket from which she scattered pink Cecil Bruner rose leaves.

The bride, escorted by her father, was a vision of loveliness in an exquisite wedding gown of white satin and lace. She wore a long veil of embroidered net, held in place by bands of orange blossoms and rhinestones, and her shoes and other accessories were white. She carried a lovely shower bouquet of white bride's roses and lilies of the valley with fernery.

During the ceremony Miss Corn played softly "O Perfect Love," and as the recessional as the bride party departed down the south aisle, she played Mendelssohn's "Wedding March."

A reception, attended by more than 100 guests, was held at the Black home on Second avenue, where a collation was served and daintily tied squares of wedding cake were distributed. The guests had the privilege of inspecting the many handsome wedding gifts and to Miss Elizabeth Dacus tell the distinction of catching the bride's bouquet.

Mr. and Mrs. Ely left for a week's honeymoon at the beaches, the bride wearing a navy blue suit with eggshell satin blouse and harmonizing accessories. The bride is a bonny Scotch lassie, being a native of Scotland. She is a graduate of Chaffey and is a member of the Ontario Baptist church, being active in the choir and the Sunday school. Mr. Ely is a graduate of the Loveland, Colo., high school and is well-known in Ontario and in Orange, where they will make their home, he being employed by the Weber-Baker company of Orange.

Informal Luncheon Given for Departing Guest—

Miss Flora Morley entertained at luncheon Monday at her home, 321 First avenue, for her guest, Mrs. Fanny Barnum of Santa Fe. N. Mex. Mrs. Barnum is a teacher in the Indian school at Santa Fe and concluded a pleasant several days visit with Miss Morley when she left Monday evening. Other guests at the luncheon were Mrs. Bess K. Grisham and Miss Mary Rowland.

You must read The Upland News to get ALL the Upland doings.

Business Women Plan for First Dinner—

With little business to transact other than routine matters and reading of communications, members of the executive board of the Upland Business and Professional Women's club met last night at the home of the club president, Miss Helen Hilly, on Second avenue.

Some time was spent in discussing plans for increasing the club membership and arrangements for the opening monthly club dinner.

After the summer suspension, the meetings will be resumed in the fall, the first dinner being held in Crowell hall on Tuesday, October 7. Mrs. R. C. Williams will be chairman program for the meeting and Mrs. L. H. Jorgensen will tell the very interesting story of her trip to the Hawaiian Islands. There will be other features on the program.

At the close of the meeting Miss Hilly served refreshing punch to Mrs. Elizabeth Brain, Miss Gladys Riley, Mrs. L. H. Jorgensen, Mrs. Lottie Fuller and granddaughter, Ray, and Mrs. D. M. Thrash.

Miss Kelsey Honored at Miscellaneous Shower—

Miss Elizabeth Kelsey's approaching marriage was the incentive for a pretty surprise shower of miscellaneous gifts participated in by a number of her friends Tuesday afternoon.

The event occurred at the home of Mrs. Arthur Allen in Alta Loma. During the absence of Mrs. Allen, who had called at the Kelsey home to invite Miss Kelsey to spend the afternoon with her, the guests gathered and made themselves comfortable in the

Good Recipes For Good Cooks

PINEAPPLE CREAM PIE

Mrs. Mark H. Bailey

(An original recipe)

1 cup crushed pineapple.

1 pint sweet milk

1 cup sugar.

Butter size of walnut.

4 tablespoons flour.

Cook in double boiler until thick. Add 2 tablespoons lemon juice and stiffly beaten whites of three eggs. Fill previously baked crust and cover top with sweetened whipped cream. This makes two large pies.

cool rooms. Upon arriving Mrs. Allen brought Miss Kelsey in through the back door, making her surprise complete when she saw the group of friends.

A number of tea towels were produced and the guests worked industriously monogramming them while they talked. During the midst of the conversation an alarm clock suddenly rang and Miss Kelsey was requested to find it. The clock was revealed in a clothes chest and with it was found a collection of beautiful miscellaneous gifts, the opening of which afforded a happy time.

Later in the afternoon a cooling collation was served.

Miss Kelsey's fiancé is Henry Anderson and the date of their wedding is indefinite except to the parties involved who are keeping the time a strict secret.

Guests at the shower given by Mrs. Allen were Miss Kelsey, Miss Evelyn Swop, Miss Elizabeth Wright, Miss Dorothy Miller, Miss Madeline Dibble, Miss Lucile Jones and Miss Cornelia Born.

Mrs. Alma Olson Given Happy Surprise Party—

A surprise party given as a farewell in anticipation of her coming departure for Santa Barbara, was given for Mrs. Alma Olson Tuesday evening at her home on Eighth avenue, her un-announced guests being fellow members of the Advance Bible class of the Upland Methodist church.

The guests arrived in a group and much merriment was created by the surprise greetings. A lovely gift, given by all the guests, was a handsome crystal water set. An appropriate presentation speech was made by Mrs. James Paulin, telling Mrs. Olson of their regard for her and their regret over her pending removal from Upland.

After considerable pleasant visiting, refreshments, which the guests had brought were served.

Those participating in the happy surprise were Mrs. Olson, and her daughter, Miss Ethel Olson, and Mesdames W. F. Naftel, R. S. Hood, John Hook, Glenn Wright, W. W. Horak, W. W. Mather, Edna Pullen, Sadie Benner, James Paulin, Fay Rodgers, W. H. Spicer, A. M. Davis, F. C. Buffington, W. H. Froelich, F. B. Harn, C. E. Tyler, John Swop, John Engle, Orin Hook, Mrs. W. H. Scholten and Miss Hancock.

Mrs. Olson with her daughter will leave soon for Santa Barbara

Pre-Nuptial Shower for Miss Louise Pree Last Evening

Gathering in unusually large numbers to do honor to their popular fellow-member, a group from Mary Brainard Tent, D. of V. gave a delightfully planned shower last night for Miss Louise Pree whose marriage to R. A. Harris of Riverside will take place on September 9.

The affair was held in the American Legion clubhouse and the social rooms were prettily decorated with many fragrant roses.

For a time bridge and other games were played and a delightful musical program was given by the Cross players of Ontario, KFI entertainers, who played several banjo and guitar numbers, the final one being in honor of the bride-elect.

A real shower of gifts occurred when the ribbon which was attached to a decorated basket suspended high above her chair, the result being a deluge of dainty packages the opening of which occasioned much pleasure.

The happy evening was concluded with the serving of refreshments.

Surprise Shower Given for Mrs. Roy Sachs—

With Howard Allen and Mrs. Edna Maine as the hostesses, a surprise stork shower was given Tuesday at Mrs. Allen's home in honor of Mrs. Roy Sachs.

During the conversation which followed the greetings, the gifts were presented in a clever way when a small bed bearing a prettily dressed doll and heaped with the dainty packages was rolled into the room and the honoree and her guests had the pleasure of inspecting the lovely gifts. Later in the afternoon cool summer refreshments were served.

Participating in the party were Mrs. H. H. Reimer, Mr. Norman Allen, Jr., Mrs. Della Allen, Mrs. Ira Eden, Mrs. Christina Carter, Miss Dorothy Allen, Mrs. Hugh MacLean and daughter, Elsie Mrs. Norman Allen and Mrs. George Somes.

Misses Morgan Leaving Tomorrow for Iowa—

Mrs. C. D. Daniels will entertain at her home, 607 West street, with an informal farewell dinner tomorrow evening for her two nieces, the Misses Essa and Italia Morgan, who will leave on the 8 p. m. train for their home in Calamus, Ohio.

Miss Italia Morgan, who has made her home in Upland and Ontario for some time, will visit in her Iowa home, returning here in about one month, but her sister, Essa, who visited here during the summer, will remain in Iowa.

Other guests at the dinner tomorrow besides the Misses Morgan, will be Mr. and Mrs. Clifford Boyd, Raymond Daniels, and Mr. and Mrs. C. D. Daniels and family.

Bride and Groom Visit With Relatives Here—

Mr. and Mrs. Franklin Billington, who were married August 15 at Santa Barbara, were guests of relatives here this week, dividing their time with Albert Billington and Mrs. Susan Mehl, Mr. and Mrs. Cris Thudium, Guy Billington, and the Castle family in Ontario.

Mr. Billington is known here, being the son of Hartley Billington, now of Orcutt, and the grandson of Albert Billington. He is a graduate of the San Marino high school and is employed by the Union Oil company at Orcutt. His bride formerly was Miss Rachel Penton.

Upland Friends Motor to Beaches For Outing—

Mrs. R. C. Williams, Mrs. Lloyd Bumstead and Miss Ellen Bumstead, Mrs. Russell and her daughter, Beth, composed a party enjoying a pleasure trip to the beaches Thursday. Among the places visited were Long Beach, Newport Beach, where they had lunch and enjoyed an hour on the sands, Balboa and Laguna Beach, a stop being made in Balboa for dinner. The entire day was a delightful one and the party returned Thursday night.

Thurstons Entertained on Eve of Leaving City—

Mr. and Mrs. Orin Hook entertained Mr. and Mrs. L. F. Thurston and their daughter, Rozetta, Wednesday evening at dinner at their home on Tenth street and Grove avenue.

Mr. and Mrs. Thurston are moving from their ranch on East Tenth street to Pasadena, where they will have a beautiful bungalow court on North Fair Oaks avenue. Miss Thurston will return in September to her position as teacher in the Washington Missionary college in Washington, D. C.

where Miss Olson will resume her work in the Santa Barbara State Teachers' college.

THEATER TO OFFER PIONEER PROGRAM

Special Vaudeville and Pictures Scheduled in Benefit Show

Leading up to the climax in the Pioneer Pilgrimage preparations, Thursday and Friday nights of next week will see local talent in vaudeville and pictures depicting the pioneer days in the west.

Under the direction of the Upland Business and Professional Women's club, the show will be given Thursday night. This will include local vaudeville acts and the presentation of the silent picture, "With Daniel Through the Wilderness," featuring Roy Stewart and Kathleen Collins.

Friday night's program will also include vaudeville acts with local talent featured and the presentation of the silent film, "Covered Wagon Trails," with Bob Custer the leading figure.

Each night two shows will be presented, starting at 7 and 9:10 o'clock.

Through cooperation with the theater management, the Pioneer Pilgrimage celebration fund will share on an even basis in the proceeds.

Tickets will go on sale tomorrow for the entertainment next week. Arrangements are being made to handle capacity houses.

CHURCH OF THE NAZARENE

Third Ave. at Ninth Street

Local News Briefs

Modernize your home. Magnolia Building and Loan association will help you do it. 98-1f

Mr. and Mrs. H. L. McLellan and children have returned from a week's visit in San Diego.

Mr. and Mrs. Glenn M. Atwood and family are spending a number of days at Long Beach during Mr. Atwood's vacation from the J. J. Atwood store.

Mrs. W. E. Allen and son Douglas and daughter Helen are returning today from San Diego, where they have been spending a week's vacation.

Mrs. Fanny Barnum, who was a guest for a few days of Miss Flora Morley, left Monday for Santa Fe, N. Mex., where she is a teacher in the government Indian school.

The Colony School, 329 Second Ave., Upland. A progressive day school for boys and girls from kindergarten through eighth grade. School opens Sept. 15.—Frances A. Barr, Principal. 32-1

Eddie MacLean, son of Mr. and Mrs. Hugh MacLean, was a member of the Y. M. C. A. group that enjoyed an outing at Ocean Park, going down Tuesday morning and returning Wednesday evening. Elmer Coble was in charge.

A fine baby girl, daughter of Mr. and Mrs. Charles Hershey of East Eleventh street, is the chief object of interest in the R. E. Hershey home, 550 Euclid avenue, where she was born on August 23. The little lady has been given the pretty name of Leona Phyllis.

I wish to extend my sincere thanks to the voters who so generously supported me at Tuesday's election, and to those who assisted in my re-election. I hope and expect to co-operate with all the people of this vicinity in the next four years as I have in the past.

Jedd F. Sawyer

Mrs. C. G. Sanbourn, who for some time has been the guest of her sister, Mrs. A. N. Baker of San Antonio Heights, left Tuesday night on the Santa Fe for New Castle, Pa., where she will visit her son before going on to her home at Niagara Falls, N. Y. Her visit she and Mrs. Baker spent much time at the beaches and in making sight-seeing trips

Modernize your home. Magnolia Building and Loan association will help you do it. 98-1f

Mrs. Mary Baldwin is moving to her home on Twenty-fifth street and will reside there in the future.

Mrs. Effie Bowhay is making a two weeks visit with her son in Chatsworth and her daughter in Los Angeles. She also will visit in San Diego.

Will the ladies of M. E. church of Upland who are taking part in the prohibition reading contest, please return their signature sheets to Mrs. J. H. Freeman, Box 255, Upland. 32-1

To enjoy the final day of Mrs. F. H. Manker's vacation from her library duties, Mrs. Manker and Mrs. P. H. McQuillen made a pleasure trip to Los Angeles Tuesday. Mrs. Manker has resumed her work as librarian.

Mrs. H. L. Hamilton and nephew of Glendale came to Upland Thursday to visit Mr. and Mrs. F. H. Manker, the principal aim of the visit being to see Mr. Manker's whiskey exhibit. They expect to return to Upland to attend the Pioneer Pilgrimage.

I deeply feel the support given me by the people of the Upland township in the election Tuesday, and I take this means of thanking all those who voted for me. Such an expression is an inspiration and I pledge myself to greater service in the future.

George R. Crane.

Mr. and Mrs. Bruce Bower attended a reunion in Downey on Wednesday of persons who formerly resided in Marion, Kansas. About 75 persons were present and incidents of Kansas days were recalled. Dr. G. R. Trenner of Pasadena came to Upland with Mr. Bower to spend the evening.

John Palmer, of Palmer's Sport Goods Shop, has received word from Albia, Iowa, of the death of his uncle, Dr. C. B. Powell. The doctor was well known by a good many Upland people who are former Iowans and was a prominent physician of that section for many years. He has visited this city a number of times, the last being about five years ago, shortly after which he suffered a stroke of apoplexy. During the past two years he had been under the constant care of nurses.

Mr. and Mrs. Wiley W. Mather and family went to Pacific Palisades yesterday, where they will remain for about a week.

Mr. and Mrs. Ward and Mr. and Mrs. Harry Humphreys who have been here for two weeks, left Thursday for their home in Yuma, Ariz.

C. E. Allen, who has been operating Allen's camp at Pine Knot, Big Bear valley, since last spring, is preparing to return home, probably some time next week.

Mr. and Mrs. Walter Gear and Mr. and Mrs. Niles Rohrig and families left this week-end for Big Bear, where they will enjoy a vacation for about two weeks.

Miss Mildred Goyen returned on Wednesday evening to her home in San Bernardino, after spending several days here at the home of her aunt, Mrs. James E. Goodban, on East Tenth street.

Mrs. O. A. Thompson and son, Robert, will leave Monday on the Southern Pacific for Wichita, Kan. Robert will return in time for the opening of school, but Mrs. Thompson expects to remain for several weeks.

Mrs. Susan Mehl and daughter, Sara Jean, and father, Albert Billington, spent Thursday in Pasadena, and were accompanied home by Mrs. Mehl's sister, Mrs. William Korrell and her son, Stanley Korrell, who will spend the week-end here.

Mr. and Mrs. W. H. Froelick, West Twentieth street, have as their guest the Rev. C. G. Meyer, a former pastor when they lived in Enterprise, Kan. The Rev. Mr. Meyer is spending the summer with his son in Los Angeles. Another friend, Wilson McKee of Culver, Kan., has returned to Los Angeles after visiting this week with the Froelicks.

BETHANY UNION San Antonio Heights

The message Sunday afternoon is to be brought by Rev. Lloyd E. Hansen, 28th street. Church worship begins at 4 o'clock.

The Junior Christian Endeavor begins at 9:15 in the morning. Sunday school meets at 2:45 in the afternoon.

The Intermediate Christian Endeavor begins at 7:15 in the evening.

A young doctor trying to be a little sobby while addressing a mother's meeting, said, "In this world there is nothing so sweet as the smile on the face of an upturned child."

TIME IS TURNED BACK BY WOMEN

Quaint Pioneer Costumes Being Worn by Women on Upland's Streets

Demure flower-sprigged dresses, with full gathered skirts and quaint waists, old collars, poke hats, plain, every-day dresses and sunbonnets and even pantalets were the vogue in Upland Thursday and today when the women of the city took an active part in advertising the coming Pioneer Pilgrimage.

Members of the American Legion Auxiliary and of the Upland Business and Professional Women's club, as well as a number of other women appeared on the streets and in the stores wearing full pioneer costumes that attracted considerable attention.

Many of the dresses had been copied from the originals worn by grandmothers and great grandmothers, while others were made from very old pictures and fashion plates. In one instance a quaint old parasol was carried that is about 150 years old and which has the original silk covering.

The appearance of the women in their pioneer dresses stimulated interest and many more are rushing work on their costumes so that they may join in this latest kind of style show. From now until the day of the Pilgrimage, September 9, these women will appear from time to time in their pioneer costumes and they will become a familiar sight on the streets.

Included in the first group to appear Thursday in the pioneer dresses was Mrs. Mark Bailey, Mrs. George Schlecht, Mrs. F. E. Samuel and Miss Linda Schmidt, all of the Atwood store; Mrs. Eldon Atwood and daughter Martelle, Mrs. C. E. Kirk and Junior and Jean, Mrs. Charles V. Bradford and Brad, Jimmy, Jean and Dorothy, Jack and Phyllis Atwood, Mrs. C. C. Danner, Miss Mildred Roddick, Mrs. F. R. Bartholomew, Miss Evelyn Swoap, Mrs. Marion Grothe, Mrs. Clara Jacobs and Mrs. D. M. Thrash.

The pioneers again put in an appearance at the band concert last night, among them being, besides some of those who were seen during the day, Mrs. L. H. Cortright, Miss Lizzie Littoy and Mrs. George F. Seguin.

BAND WILL PLAY AGAIN THURSDAY

One More Concert Will Bring Season to Close; Will Not Play Sept. 9

Another band concert is in store for the people of the community, it became known today when assurance was given that the Upland band will play again next Thursday night.

Earlier in the week it was thought that the concert last night might be the last one of the season, and that instead of playing again the band would appear in the Pioneer Pilgrimage pageant.

SLOGAN FOR CITY CARVED ON CLUBS

Local Man Aids Celebration by Giving Suggestion on "Pioneer" Clubs

Raymond K. Watkins, Euclid avenue, has added his bit to the Pioneer Pilgrimage atmosphere in carvings and writings and one of his offerings may play a prominent part in the city's future advertising.

Out of yucca plants he has carved three clubs, one of which is more than four feet long. "Upland" is carved with large letters into the club. Between each letter he has written a word that begins with the same letter as the corresponding letter in the city's name. Here it is:

"Universal Peace Lies at Nature's Door." It is noted that the first letter of each word when grouped together spell "Upland." The yucca clubs are on display in the chamber of commerce office.

Final preparations are being made for the historic pageant and program that will honor the state's pioneers. Six epochs of this state's history will be included and the local service clubs and the Cucamonga service club are each preparing to present an epoch. The local clubs include Rotary, Lions, 20-30 and the American Legion.

What is needed by those in charge is more horses, both draft and riding. Drivers of the teams are also sought and Clair E. Kirk, chamber secretary, asked the co-operation of the local people in furnishing the horses.

Financial contributions have been received in the celebration fund, many local people wanting to have a part in the preparation have given small amounts.

It became known today, however, that the band will not play in the pageant and that the last concert of the season will be given at the park next Thursday night. It was a large crowd that surrounded the park at D street and Second avenue last night, and the benches in front of the band shell could only hold a part of those wanting to hear the selections.

Old Friends Passed by as Thomas Fails to Hear of Whiskers

(Continued from Page 1)
knew nothing of the whisker growing fad and the long dress custom which started yesterday. Publicity about the local event has gone far and wide, but apparently it hasn't reached the east yet.

He saw Upland as others see the town and its people. He looked on in amazement, until he was informed that the men's whiskers and the women's long dresses were a part of the preliminary features and were helping to create the proper atmosphere for this city's event for the pioneers, September 9.

Mr. Thomas went east to look after his property and to sell grapes. He sold about 40 carloads, he said.

You must read The Upland News to get ALL the Upland doings.

High Producing Cow In L. Strawn's Dairy Herd County Winner

"Molly" is just a cow among the herd at Strawn's dairy, but she is such a good cow that if all the cream she produced last month had been made into butter, there would be 110 pounds and piled up this would make a stack almost as big as herself.

She was the high producing cow of the San Bernardino County

Cow Test association of unit No. 2, producing 86.7 pounds of butterfat during the month. She produced 8 1-2 gallons of milk a day with a test of 4.9 per cent butter fat. "Molly," is still a young cow of Holstein breed, producing milk after her third calf.

Mrs. M. H. Bordwell, who has spent the greater part of the summer at Long Beach, has returned to her home on First avenue, arriving from the beach last evening.

Hoover Cracks a Joke
Claremont Courier: One of the best stories I've heard recently was told at a Rotary assembly held last week-end at Santa Barbara. Almon Roth of Stanford university, International Rotary president, said in the course of an address that Hoover remarked upon the occasion of the birth of his last grandchild: "Thank God, she doesn't have to be confirmed by the senate!"

SUPPORT RECEIVED IN WATER PROGRAM

Chino Basin Protective Group Gains Members; Meeting Will Be Tonight

All the cities in the Chino basin have signified an intention of joining the Chino Basin Protective association, the San Antonio Water company has joined and many other companies have also offered to cooperate, Albert C. Reynolds, secretary of the San Antonio company said today, in telling of the campaign to enroll owners of at least 25,000 acres in a protective program.

In the Chino high school tonight interested water company officials and large water users will meet to study the advantages of taking membership in the proposed association.

Under the plans, the association will include owners of 25,000 acres. A small fee will be charged to provide funds to carry on continuously a program of water measurements checking. One of the purposes will be to prohibit outside agencies from coming in to the basin and taking the water.

At tonight's meeting information will be given concerning the advantages of the proposed association which cannot become effective until 25,000 acres have been included.

All Upland Adopts PIONEER GARB

Upland women as well as men have responded to the call for Uplanders to dress the part of pioneers in preparation for the forthcoming celebration. Courtesying belles of the period of '49 and of the "Gay Nineties" vie with hard-looking hombres for public acclaim.

Upland streets are full of women in long and flowing skirts and bewhiskered men in denim overalls, red shirts, and 10-gallon hats.

LET US HELP YOU WITH YOURS

Of course you'll want to be in the swim, and you may as well get in on the fun before the 9th of September.

IF YOU'RE A LADY:—

The girls at Atwood's will gladly give you tips and pointers on making an old-fashioned dress. They'll show you inexpensive fabrics suitable for that use.

IF YOU'RE A MAN:—

Levi Strauss Overalls are the real thing to wear. Get 'em long and turn up a big cuff. Let Mac the Medicine Man sell you some red dye, and change an old white shirt to a brilliant crimson. A "ten-gallon" hat will help, and the finishing touch is a red bandana protruding from the pocket.

ATWOODS, L. G. TO PLAY FOR TITLE

Championship of Second Round
Will Be Determined in
Game Tonight

By 9:30 o'clock tonight, the second round of baseball in the Upland night ball league will be officially ended for the championship will have been determined and final arrangements will be in the making for the series to determine the season championship.

Atwood's, who have ended the regular schedule in a tie with the Lemon Growers, will go on the field tonight as an uncertain quantity. Whenever there have been championship games in the past, the Lemon Growers have always figured in the playing. Consequently something is known of this veteran aggregation in the crucial playing.

During the first half of the league, Atwood's were among the teams that apparently had little chance. Tedder, a pitcher with lots of stuff on the ball, joined the team at the start of the second heat and largely through his leadership, the nine has come through with only one defeat and with a tie in the finals.

Whether or not he can hold up and win the last game remains to be seen.

Winner of tonight's game will play the Merchants, winner of the first round, in a championship series, to start Wednesday. This will be either a three or five game series.

Security Benefit Hold Banquet and Plan For Picnic

Euclid Council No. 3894, Security Benefit association, held their regular monthly banquet Saturday night in the I. O. O. F. hall in Ontario, with 58 members and prospective members present.

The tables were attractively decorated with purple and orchid asters and bowls of roses, the artistic work of Lavon Stauffer and Ruth Hendy, who also served the course dinner. The committee in charge of the banquet arrangements included Mrs. Emeline Stauffer, Mrs. Carl Holtman and Mrs. H. A. Peters and the splendid success of the banquet was ample proof of their ability.

At the conclusion of the dinner, the group adjourned to the lodge room, where an open business meeting was held, all secret work being omitted. The meeting was presided over by the president, H. A. Peters.

Mrs. Glendora Mayer, district manager, of San Bernardino, was present and made an interesting talk for the good of the order. Another official present was Mrs. Mary Tucker, past president, who also made a talk.

As part of the business, Mrs. Mayer appointed Mrs. Gus Bergman as deputy for this district.

The annual Security Benefit district picnic will be held on September 14 at Fairmont park, Riverside, and plans are being made for Euclid council to participate. The committee to make arrangements for the local council are Lavon Stauffer, Harry Addison and Mrs. Emeline Stauffer.

At the close of the meeting Saturday night the usual enjoyable dance was held, William Wilding and His Music furnishing the rhythmic inspiration.

Has Anyone Lost Friendly Turtle Near Alta Loma?

A stray turtle, slowly wending its way to some unknown destination, was picked up in Alta Loma near the Foothill boulevard Tuesday afternoon by A. L. Hughes, who brought the hard-shelled species of the testudinate family to Upland where it was the object of considerable speculation.

The turtle itself did not attract so much attention as did a metal tag fastened with a small chain to the edge of the shell, through which a hole had been bored. This is an ordinary brass key tag bearing the numbers 80,800 and the words "California Registry Bureau, 803 Chester William Bldg., 215 West 5th, Los Angeles."

Someone suggested that the turtle looked like a bowl of soup, but Mr. Hughes was not impressed with the thought. It was a rather wise looking turtle and Mr. Hughes who expressed the belief that it was intelligent enough to know what it was about said he would take it back to the place where its journey was interrupted and permit it to continue to wherever it was going.

These Scotchmen
An American, who had taken a shooting lodge in Scotland, got lost one day in a heavy mist. Finally he came across a native of the moors.
"I'm lost," said the American.
The old Scotch mountaineer answered him: "I know you are lost but is there any reward for finding you?"

9 a. m. Sunday school.

10:30 morning worship. "The Christian's Hope of a Future Life."

7 p. m., C. E. meetings. Topic, "Why Are Industrial Missions Worth While?"

7:45 evening service. At the Golden Altar, series: No. 7 "The Unanswered Prayer."

Wednesday evening 7:30, prayer and Bible study hour. Two classes. Study Jonah 3rd and 4th chapters.

An invitation is extended to all who desire help in living the upward way.

Mrs. Nancy Palmer and her daughter, Miss Bertha Palmer, returned home today after spending a pleasant two weeks vacation at Long Beach.

Revival Services Close Sunday Night

The revival services being conducted by Evangelists Chas. M. and Mrs. Kilgore at the big tent at D street and Second avenue will close Sunday night.

At the remaining four services Evangelist Kilgore will speak upon the following subjects, with chalk talks preceding, the sermons:

Friday night, "Christ Our Only Refuge," chalk talk, God's Rainbow.

Saturday night, "What to do to be Lost," chalk talk, "The Lesson from the Stars."

Sunday 2:30 p. m., "How to Grow in Grace," or "Making a Success of the Christian Life," chalk talk, "The Model Church."

Sunday night, "Our Confession of Christ," chalk talk, "The Days of Youth."

The night services open at 7 with song service. Special music, vocal and instrumental, at each service.

Evangelist and Mrs. Kilgore appreciate the cooperation they have had in this campaign from the pastors and church members of Upland in these interdenominational services and extend a most cordial invitation to all to attend these closing services.

ANNOUNCING THE INFORMAL OPENING OF ANOTHER

HARRIS FURNITURE STORE

Saturday, August 30

We wish to say to the people of Upland and vicinity that we are opening a Furniture Store in Upland with a high grade line of Furniture. Every piece of merchandise carried in this store is backed by an iron-clad guarantee that it must give satisfactory service, or money refunded.

As you know, it is impossible for any store to carry on their display floor all of the hundreds of lines manufactured, but we will carry some nationally advertised lines, and then if there is any make of Furniture or Rugs you are interested in we will always endeavor to get it for you, for we can get anything that is made, and with our connection in buying with our other stores we buy for LESS and SELL FOR LESS.

Mr. E. R. Bacon, Interior Decorator for the Harris stores, will be at this store with a complete showing of all the Newest Drapery Materials, and will be pleased to offer suggestions on Furnishing and Interior Decoration. Special Prices in effect on all Drapery work. All purchases stored free until you want delivery.

MEEK TWIRLS L. G. TO TIE FOR TITLE

Home Run and Two-Bagger
Net Scores Wednesday as
Merchants Lose

Behind the brilliant hurling of Dave Meek, elongated Lemon Grower pitcher, the Growers on Wednesday night won the right to meet Atwoods in a game to determine the winners for the second half of the Upland Night Ball League.

By bunching five hits in the eighth inning, the Lemon Growers put across two runs to defeat the Merchants by a two to one score. The two teams played on even terms for the first five innings, neither outfit being able to score.

Strong put the Merchants out in front by clouting the ball into deep left field for a home run. Although the Lemon Growers had threatened in several innings, they were unable to put across any scores until the eighth frame when two runners crossed the plate with what proved to be the winning runs. Duncan led off with a hit down the third base line which was good for three bases. Province followed with a double into left field, scoring Duncan. Province also scored on the same play when Strong failed to field the ball. Hirschler, Terry and Cornelius each followed with base hits, but the Merchants kept them from scoring any more runs.

Besides Strong's homer, Lane batted out a double in the fifth frame for the Merchants. Duncan and Province got two hits apiece for the winners, Duncan batting out a triple in the eighth and Province connecting for two bases in the same frame.

Meek is fast developing into one of the best pitchers in the league. Dave had a big night Wednesday when he struck out 12 Merchant batters and allowed but five hits. Voth fanned 7 Growers and was touched for 9 safe blows in eight innings. Bailey twirled the final inning without allowing a safe hit.

The box score:
AB. R. H. P. O. A. E.
Duncan, ss 5 1 2 2 0 0
Province, c 3 1 2 14 2 0
Hirschler, rf 4 0 1 0 0 0

Summary—double plays, Briggs to Licht to Gottwald; 2-base hits, Province, Lane; 3-base hit, Duncan; homerun, Strong; base on balls, off Meek 0, off Voth 3, off Bailey 0 struck out: by Meek 12, by Voth 7, by Bailey 0; left on bases Lemon Growers 8, Merchants 3. Umpires, Maitral and Nichols.

Among the local people who will attend the banquet to be given in Glendale Sunday night in connection with the state convention of postoffice clerks and carriers will be Mr. and Mrs. Ray W. Gage, Mrs. Bess Grisham and E. B. Dickerman.

ORDINANCE NO. 249

An Ordinance Fixing the Rate and Levying a Property Tax For the Current Fiscal Year Upon All Property Within the City of Upland, California, For the Purposes of Maintaining the Municipal Government of Said City, and the Payment of Such Bonded Indebtedness as May Become Due.

The City Council of the City of Upland, California, do ordain as follows:

Section One. That the rate of taxation for the current fiscal year in the City of Upland, State of California, is hereby fixed at the sum of \$2.13 upon each One Hundred Dollars of the assessed valuation of all of the taxable property within the corporate limits of said municipality, as assessed by the County Assessor and returned by the County Auditor; and such rate and such amount thus designated in dollars and cents are hereby levied as the tax upon each One Hundred Dollars valuation of all of such property within said corporate limits for the current fiscal year.

Section Two. That such entire rate and levy of \$2.13 on each One Hundred Dollar valuation as aforesaid, is hereby segregated, divided and set apart as follows for the several purposes mentioned: that is to say,

125 Cents thereof for the general fund;
40 Cents thereof for the payment of such obligations as may become due and payable on municipal bonds issued by said City of Upland and interest thereon;
20 Cents thereof for the purpose of the maintenance of parks, this amount being levied pursuant to and in accordance with the authorization of the electors of said City at a special election held for that purpose;

27 Cents thereof for the special purpose of maintaining the public library established in said City; and,
1 Cent thereof for the purposes of the Planning Commission, as the same is authorized by general law.

Section Three. That the foregoing rate and levy of taxes for the current fiscal year being and including the normal rate of taxation as permitted by general law, and such further rate and levy as is also required or permitted by laws of the State of California, or by the assent of the qualified electors of such municipality voting at an election held for the particular purpose indicated; and the foregoing rate and tax are hereby found, established and declared to be necessary for the purpose of maintaining the government of such municipality and for the other special purposes in this Ordinance specified for the current fiscal year.

Section Four. This Ordinance shall become effective from and after its adoption and approval, and a copy thereof duly certified by the Clerk of said municipality shall forthwith after its adoption be transmitted to the County Auditor of the County of San Bernardino in the State of California, as being and showing a statement of the rate or rates of taxation so fixed by such City Council for the current fiscal year; and the same shall be published once in The Upland News.

I HEREBY CERTIFY that the foregoing Ordinance was adopted by the City Council of the City of Upland at a regular adjourned meeting held on the 26th day of August, 1930, by the following vote, to-wit:

Ayes: McQuillen, Johnson, Bufington.
Noes: None.
Absent: Manker, Atchley.

E. C. MEHL,
City Clerk.

I hereby approve the foregoing Ordinance this 26th day of August, 1930.

P. H. MCQUILLEN,
Mayor.

TO THE PEOPLE OF UPLAND!

Through co-operation, an association is being formed by which this Beautiful Marble Hall of Memories, pictured below, a fitting tribute to those near and dear to you, will be erected in Bellevue Cemetery. Only those who reserve space before construction will be participants in this Memorial.

STRICTLY CO-OPERATIVE PLAN

It is necessary to know before construction how large the building shall be and who are its owners, as the plan is strictly co-operative, ownership will be private, and not public.

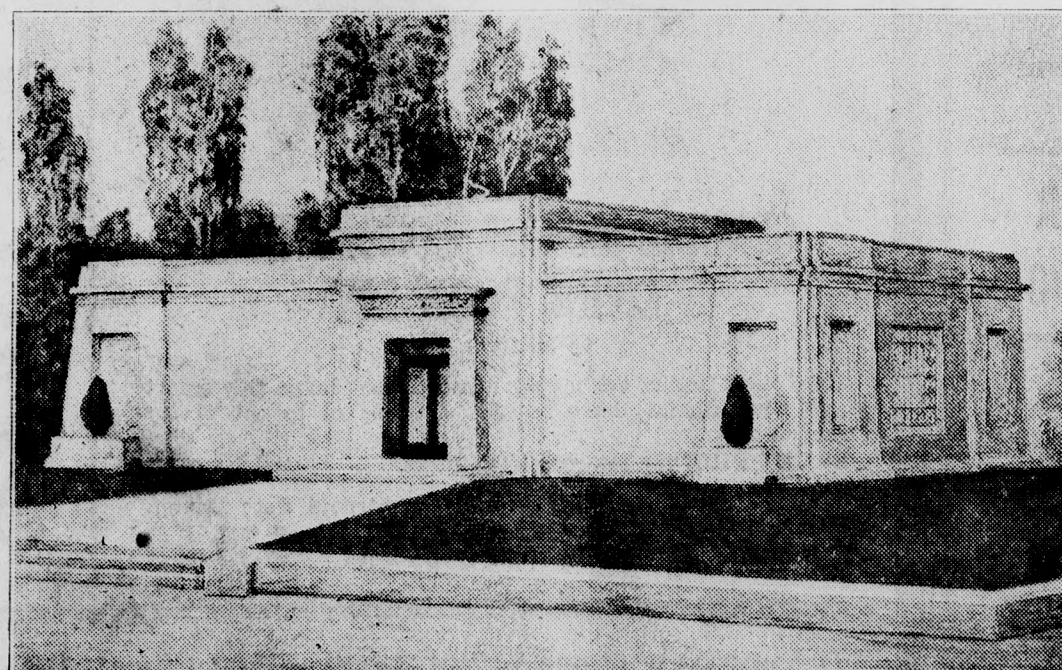

Many well known families of Upland have made reservations in this Memorial, characterized by its safe and sanitary appointments which can never be removed or neglected.

COSTS NO MORE

The cost of space in this Memorial is no greater than that of the average earth burial. Payments are not required until after the building is in progress of construction. All money is to be paid through your own bank in escrow, in small payments during this year and the next.

G. D. Mason, the man in charge, has twelve enduring Memorials to his credit, at Glendale, Bakersfield, Santa Maria and Prescott, Ariz., and in Oregon. He will gladly provide all desired information, down to the slightest details of financing, construction and maintenance.

AS LASTING AS THE PYRAMIDS

Here, above the ground, in this beautiful, massive structure of Egyptian design, constructed of re-inforced concrete, steel, marble, bronze, copper and glass, is provided a time-defying sepulchre in which to place those near and dear to you. Here they will find true rest, safe from the destructive elements of earth and water, and remain secure against all vandalism. Sunshine, warmth, beautiful surroundings will be theirs and whenever you desire to visit this shrine you can do so under roof and in comfort, regardless of weather conditions.

MAUSOLEUM AND COLUMBARIUM

Niches for ashes will be provided in the chapel. Under the recent law a place must be provided for ashes the same as any other remains.

NOT TODAY, PERHAPS

But sooner or later it falls to most of us to decide where to lay away one or more of those we have loved. There are only three methods—First, disintegration; Second, incineration; Third, MAUSOLEUM INTERMENT, such as was given to Christ, Rachael, Absalom, Abram, Sarah, King Mausolus; many of the Kings and Queens of Europe; Presidents of the United States and other persons of prominence.

The latter method is rapidly being accepted as by far the most desirable method of disposing of our loved ones.

By contract with the Trustees of Ontario Cemetery Association, G. D. Mason, who is superintending this project, has purchased a site in the Bellevue Cemetery. This fund provides for perpetual care of the grounds and building, amply sufficient for future maintenance.

FOR ADDITIONAL INFORMATION, CALL G. D. MASON, AT 217 SECOND AVENUE, UPLAND

Please Send Me Complete Information About Upland's Mausoleum. This Entails No Obligation on My Part.

LOCAL MEN WIN HANDSOME PRIZES

Golf Trophies Brought Back From Spreckels Tournament at Coronado

Winning marked honors in the annual A. B. Spreckels amateur golf tournament held last week at Coronado Country club, two Upland boys are in possession of valuable trophies.

Clifford Little, son of Mr. and Mrs. Horace Little of West Eleventh street, playing against a field of experienced golfers, won first prize, the coveted Spreckels cup, which is a \$1000 silver and gold punch bowl mounted on a black pedestal. This is an especially handsome trophy and its acquisition in strong competition won hearty congratulations for Mr. Little.

The other Upland man winning distinctive honors was Almon Allen, son of Mr. and Mrs. C. E. Allen of Third avenue, who won the second flight in the tournament, his trophy being a handsome, gold-lined silver cup, suitably engraved.

Many of the best players of Southern California, including Los Angeles, and some from other states as far away as Texas were entered in the tournament and coming as a decided upset to the older more experienced players, practically all prizes fell to young men whose ages range in the early twenties.

The Upland players were registered from the Los Serranos Country club of which they are members.

Salesman Sees Bars and Pays \$2 to Keep Out of Hoos Gow

C. A. Percy, salesman of Litzberg-Ferguson company, leather dealers, Los Angeles, is not in Upland today, but his \$2 are. When he called on L. H. Cortright shoe repairman, he and his \$2 parted.

Mr. Percy was smooth shaven. He didn't want to go into the hoos gow. He wanted to make a sale of goods. So, he had to put up \$2 for the celebration fund. This won him immunity, but he does not expect to be back in Upland until after the Pioneer Pilgrimage September 9.

FINAL PRE-SCHOOL CLINIC PLANNED

School Nurse and P. T. A. Heads Plan For Examination of Children

The autumn round-up or final pre-school clinic, will be held during the week before the opening of school on September 15. While there may be some re-exami-

Pioneers Want To Join Event and Tell of the Early Days of Upland

Pioneers from many southland cities have placed with local officials their names and records and all of these will be honored during the Pioneer Pilgrimage September 9. The pioneer living in California the longest will be honored with special ceremonies.

Each has a story of pioneering, of assisting in building up the state and of hardships peculiar to years ago.

Perhaps the oldest of the pioneers who will be included in the day's ceremonies is Mrs. Josephine Young of Colton. She was born in New Mexico in 1840, coming to what is now Colton 87 years ago. The Colton chamber of commerce will bring Mrs. Young to Upland as the delegate from that city.

Charles C. Modie, Glendora, has been a resident of the state 77 years and he will be among the "old-timers." He has been in Glendora only two years, but his residence in the state dates back to the time when there wasn't much here except plenty of room.

In Highland there is David Seeley, who arrived in California June 11, 1851. The San Bernardino chamber of commerce wrote to Clair E. Kirk about Mr. Seeley and the letter in part quoted Mr. Seeley as saying: "I was born in Salt Lake City on April 17, 1850. My father and mother left Salt Lake City on August 18, 1850. They arrived at the mouth of the Cajon pass on June 11, 1851, 50 wagons being in the party. I am 84 years and 4 months of age."

Mrs. Lenora J. MacDonald, Los Angeles, is a native—pioneer of Los Angeles for 61 years. "My parents," she said, "came to California in 1866. I have eight brothers and sisters, four born outside this state and five of us natives. All of us have always lived in and near Los Angeles."

"I would like to register the

name of Mrs. Mary J. Sewell, 89 years of age," writes Mary Louise Buxton, Los Angeles. "She is a very bright old lady and can tell the family history of the majority of early settlers of Southern California as well as her own interesting experience. Her address is 2700 Del Mar street, Wilmar."

From W. J. Steele, Pomona, comes this letter: "A few evenings since I came upon Mrs. Jesse Stout of our town. She told me of the monument to the 'covered wagon' people. Mrs. Stout wished me to communicate with you inasmuch as I made the overland journey from Pike County, Ill., to Sonoma county, Calif., in 1859 by ox team. I have not continuously resided in the state, however."

"Mrs. Caroline E. Cook, Ontario, was on February 1, 1929, honored with the title of 'Pioneer Mother' when the Madonna of the Trail monument was unveiled and in a letter to Mr. Kirk she states that she has been a resident of California for 80 years and 20 years in Ontario, 'and have never been out of the state in all that time. I am surely a pioneer.'"

Norma Lietge of Glendale is also among the oldest pioneers, being born in Detroit, Mich., December 8, 1859. "My father came to California in a covered wagon when I was four years of age, going to San Francisco in 1863. I came to Los Angeles in 1871. I have made 12 trips across the Atlantic and three trips around the world. I am a musician and gave the first concert in San Francisco and Los Angeles. I would like to be on your list. Please let me hear from you. You will have to send for me as I have no car, but wish to be present. Last year I was very much interested in your Madonna of the Trail. I would like to have a picture of this for European press. Thank you."

Cars Bought Here, Delivered in East

Among the new car sales made by the Alan A. Couch Chevrolet agency, during the last week, two were machines delivered in the east to Ancil Morris and Norman Springer.

Negotiations for the purchases were made through the local agency, and deliveries were made at designated points in the east, according to Owen Davis, manager of the Couch agency here. Mr. Morris' Chevrolet was delivered at Kansas City, Mo., and Mr. Springer received his car at Buffalo. William Springer, father of Norman, dealt with the local firm for his son.

nations, the clinic is primarily for all those children who will enter school for the first time and whose physical fitness has not yet been tested.

Details of the clinic are being

Packard Buys Grove From Harl Phelps

C. G. Packard, owner of citrus holdings in the Upland district, has increased his property through the purchase of 5½ acres of lemons from Harl Phelps, according to announcement today of the deal.

The property is located on Mountain avenue and has an impressive production record. Mr. Packard owns other Mountain avenue property. He lives in Claremont.

The deal was made through the offices of the Upland Realty and Insurance company.

completed by the school nurse and P. T. A. officials, and later announcements as to the exact days and hours will be made. Notice of the clinic is being made now in order that all mothers who want their children examined before school opens, may be prepared to enter them in the clinic.

ETIWANDA

ETIWANDA, Aug. 28—Miss Cecil Jennings is a guest of her sister, Mrs. R. R. Henderson and family, having come down from Clear Lake Thursday after an outing there.

Geo. Sassard of Huntington Park was a recent guest of his sister, Mrs. John Lewis and family, and called on many other old time friends here.

Thomas Figgins and Raymond Frost spent the week-end at Oceanside. The former served as relief operator at a nearby telegraph office Saturday and Sunday nights.

Mr. Thomas and Mrs. Hildebrand who own a tract of land on Etiwanda avenue at one part of the Theodore Suhr ranch, are building a residence on the property, which is already improved by a luxurious garden of many varieties of vegetables and flowers. Dr. and Mrs. Carl Moeller and Mr. and Mrs. Eckhart of Los Angeles, who spent the past week in the John Scott cabin at Big Bear, were guests of Mrs. Moeller's parents, Mr. and Mrs. Scott, Sunday.

Mr. and Mrs. Harry Scott or Rialto were also guests in the Scott home.

Mrs. William McClean and Mrs. Annie Wilson spent Tuesday with Mr. and Mrs. Clyde Webb and children in Los Angeles.

Mr. and Mrs. James Bothwell and daughter Ella of Huntington Park were guests of Mr. and Mrs. O. G. Figgins and family Tuesday. Mr. and Mrs. Charles Donnelly and daughter Elizabeth were dinner guests of Mr. and Mrs. Chas. Long of Los Angeles Sunday and called at the C. W. Greenlee home at Alamitos Bay in the afternoon.

Morris Frost, with his motue. Mrs. John Frost, and his brother Jack, took two carpenters, Mr. Casaletti and a friend, to his mountain lot near Lake Arrowhead last Wednesday, where they remained until Sunday building

a cabin on the site where a former cabin was destroyed in a storm last winter.

Painters are now at work on the new church kitchen and Sunday school room. The walls of the dining room and church parlor are also to be given a water proof finish.

Rev. and Mrs. C. W. Greenlee and family of Glendale and Alamitos Bay have the deepest sympathy of their many Etiwanda friends in the loss of Mrs. Greenlee's sister, Mrs. Gertrude McDowell, who died Tuesday Aug. 19, after a lingering illness. Clyde Greenlee has returned to Berkeley to re-enter the University, and Barnett will take a course in the School of Mines in the University of Nevada at Reno.

105 votes were cast at the primaries in Etiwanda precinct Tuesday. The election board included Glen Shepherd, inspector; Walter Price, Anna Scott and Jessie Frost, clerks; J. R. Bonnell and Anna Werner, judges. The day's work was ended shortly before midnight.

Mrs. Thomas Donnelly and daughter Dorothy spent Wednesday and Thursday with Mr. and Mrs. A. C. Smith and family in Los Angeles.

Former Residents Visit Friends Here

Mrs. E. W. Elliott of Pomona, and her aunt, Mrs. Hunt, both former residents of San Antonio Heights, and Mrs. Elliott's daughter-in-law, Mrs. Sheldon Elliott, visited friends in the Heights Wednesday.

Their friends here will be interested to know that Mr. Elliott is to be manager of a large new drug store being opened on Cherry street on the corner across from Bixby park, Long Beach.

Other news of the family which their friends will regret to hear, is that Mr. Elliott's father, who was known here, passed away two weeks ago.

Tremendous Crowds and Fast and Furious Selling Marked the Opening Day Today of This Gigantic

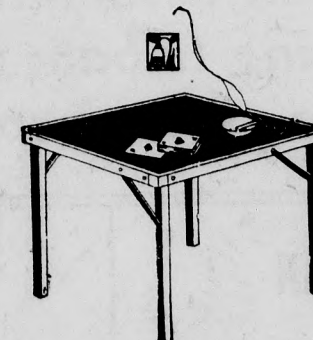

\$40,000.00 FURNITURE SALE!

We expected crowds when we quoted such drastic Price Reductions—but we never dreamed of such throngs as we have had here all day today—in fact, there were hundreds of eager buyers waiting in front of our building for hours before the time set for this great sale to open—Those of you who couldn't get waited upon today, come tomorrow. We will have plenty of extra clerks and the same Low Prices prevail—while stock of same lasts only.
